## THIS ISSUE

- To All Team Members
- Working on different units on same day

## Team members working on different units on same day

Please be advised that team members are now allowed to work on different units on the same day, starting April 1, 2022.

In order to work on 2 units in one day, you must change into clean work clothes before going on a 2<sup>nd</sup> unit.

We are not moving between Menno Home, Menno Hospital or Apartments at this time.

If you are open to working across one site in a day, please come prepared and bring a second set of work clothes with you.

If the event there are new resident COVID cases, cohorting may once again be required.

Sincerely,

Management of Menno Place
