## Onboarding of New Facial Recognition Scanner and GoldCare Employee Portal

Between Oct 4 and Oct 9 many of the team members at Menno Hospital were set up on the Facial Recognition Scanner and the GoldCare Employee Portal.

The Facial Scanner is working well so we are looking at removing the Biometric Hand Scanner on November 15, 2022.

Prior to removing the hand scanner we need **ALL MENNO HOSPITAL** team members set up on the Facial Recognition Scanner.

Please contact Human Resources: Lana Murray, ext.2255 or Jessy Manhas, ext. 2229, to schedule a time to get set up.

Thank you for your attention to this.

**Jeanette Lee**

Director, Human Resources
